Resources for businesses and individuals

Did you know that Ravalli County is the #1 county for wildfire risk this year?

Two Great Toolkits for Schools:

Toolkit for Middle School Educators

While 98% of teachers report encountering emotional reactions from students when teaching about climate change, only 10% report having resources that provide guidance on addressing these emotions

Climate and Health Youth Education Toolkit

This is an easy-to-use lesson plan and supporting materials for public health professionals to give guest lectures on climate, health and equity to students in grades 9-12.

Reach out to schools in your area!

Our goal: "406 in the 406"

Would you consider tabling, manning the conference registration table, writing a story, or taking another action as part of MthPHC? Our goal is to find 406 willing to do some action on climate! [Join us as a Climate Health Steward](#) or contact us at info@montanahphc.org with questions!
