Consider Getting Involved!

We have lots of events where we will table this spring - please let us know if you can help! info@montanahphc.org

Consider being a CLIMATE HEALTH STEWARD, just saying that you will try to do a climate-health-friendly action a few times a year! We are working toward 406 in the 406 and we are halfway there!

Between bike rides, farm summits, webinars and other virtual trainings, in-person events, flying Air Quality flags, displaying the beautiful Floor Banners for a couple of months, helping with kid events, there is something that would be meaningful for you!

MTCLIMATESTORIES

Our journalism assistant , Haley Yarborough, helped Pati Notario, MD, Pediatrician and Vice-president, Montana Chapter, American Academy of Pediatrics tell her story [here](#).
